Covid pre-2020 (evidence of foreknowledge)

The following are four suspicious pandemic simulation/exercises that precisely predicted the **COVID-19 Coronavirus** “pandemic” before it happened. Why were these four **simulations** carried out? To stop a pandemic or **to profit from one?**

Scenario Narratives

Lock Step

LOCK STEP

A world of tighter top-down government control and more authoritarian leadership, with limited innovation and growing citizen pushback

(1) Lockstep

2010

The Rockefeller Foundation published a paper in 2010 titled [Scenarios for the Future of Technology and International Development](#). The first scenario was called LOCK STEP and was described as follows: **“A world of tighter top-down government control and more authoritarian leadership, with limited innovation and growing citizen pushback.”**

In this scenario, a virus pandemic appears suddenly, quickly infecting populations around the world, destroying economies by interrupting mobility of people and goods, and debilitating industries and global supply chains.

This makes it possible for government leaders to take total control over their citizens as a public-health measure – a process the people greatly dislike but are psychologically incapable of resisting, because it is done in the name of protecting them. Thus, the economies and political structures of the whole world emerge as a

united totalitarian system with a resentful and unruly population but one that can be effectively controlled by new technology.”

We see from this that the economic and political effects of a pandemic were being **carefully studied at the Rockefeller Foundation** at least as early as 2010.

(2) Crimson Contagion

January - August 2019

This exercise/simulation code-named “**Crimson Contagion**” was simulated by the Trump administration’s **Department of Health and Human Services** in a series of exercises that ran from January to August, 2019. It imagined an influenza pandemic, that originated in China and spread across the globe, killing millions of people. Sound familiar?

(3) Urban Outbreak 2019

September 2019

This was a war game / simulation run last September (2019) by the Naval War College (NWC) in Newport, Rhode Island. And its findings reveal prescient and sometimes troubling parallels to the real-world response to the COVID-19 Coronavirus “pandemic”.

Called **Urban Outbreak 2019**, the war game involved 50 experts who spent two days coordinating response, containment and messaging efforts around the notional pandemic. Some of the conclusions, such as the way forced mass quarantine can backfire and trigger additional disease spread, and how the mortality rate is better than the overall number of disease cases in assessing the scale of an outbreak -- have been proved out through the response to the novel COVID-19 Coronavirus.

October

Event

2019

More recently, a pandemic simulation took place at **Event 201**, which was hosted by the Johns Hopkins Center for Health Security in partnership with the World Economic Forum and the **Bill and Melinda Gates Foundation**. This occurred six weeks before the first reported outbreak of the coronavirus. It simulated a global pandemic of a **coronavirus that transmitted from bats to humans! Once again it postulated that the virus would originate in China**. Almost to a tee, it followed the initial phase of the **LOCK STEP** scenario.

Dr Fauci comment

January 2017

Dr Anthony Fauci, the director of the National Institute of Allergy & Infectious Disease, stated that **“there is no doubt President Donald Trump will be confronted with a surprise disease outbreak during his presidency.”**

Amazingly he made this statement in January 2017, three years before Covid-19 existed! **How did he know this disease outbreak was coming? Is he some kind of prophet?**

Bridgewater put-options bet

Bridgewater, a top global hedge fund, may have had most intimate foreknowledge of COVID-19. It was reported in November 2019 that Bridgewater made an unprecedented \$1.5-billion put-options bet that the global economy would suffer a **spectacular crash on March 2020. March 2020 is when the Covid lockdowns started!**

Bridgewater's gamble proved extremely prescient. Uncomfortably prescient in fact, as virtually no one had an inkling COVID-19 would so drastically disrupt the world economy at **that exact month early in 2020**. Did they have foreknowledge of Covid-19?

COVID-19 PCR Test Kits

- If COVID-19 appeared in China late 2019, why were COVID-19 PCR test kits distributed worldwide, **three years** before the “pandemic?” The **World Integrated Trade Solution** database reveals that COVID-19 PCR test kits were distributed worldwide in 2017, 2018 and 2019. Even the name Covid-19 did not exist until February of 2020!

The screenshot shows the WITS website interface. A red box highlights the search results for "COVID-19 Test kits (300215) imports by country in 2017". Below this, there is a section titled "COVID-19 Test kits (300215) imports by country in 2017" with additional product information: "Diagnostic reagents based on immunological reactions" and "Category: COVID-19 Test kits, Instruments, apparatus used in Diagnostic Testing". A text block states: "In 2017, Top importers of COVID-19 Test kits are European Union (\$17,131,541.68K , 2,759,970 Kg), Germany (\$8,731,545.89K , 3,015,010 Kg), United States (\$7,927,894.38K , 2,627,050 Kg), United Kingdom (\$6,291,366.96K , 1,062,590 Kg), Belgium (\$5,914,764.97K , 2,074,820 Kg)." Below this is a table titled "COVID-19 Test kits exports by country in 2017" with columns for Country, Import, HS Code, COVID-19 Details, Year, Trade, Value, Quantity, and Unit.

Country	Import	HS Code	COVID-19 Details	Year	Trade	Value	Quantity	Unit
Costa Rica	Import	300215	COVID-19 Test kits	2017	World	97,408.08	172,005	Kg
New Zealand	Import	300215	COVID-19 Test kits	2017	World	92,221.86	23,140	Kg
India	Import	300215	COVID-19 Test kits	2017	World	72,748.89	5,069	Kg
Hong Kong, China	Import	300215	COVID-19 Test kits	2017	World	71,295.60	17,889	Kg
Morocco	Import	300215	COVID-19 Test kits	2017	World	64,060.97	33,920	Kg
Peru	Import	300215	COVID-19 Test kits	2017	World	56,598.58	53,733	Kg

- After this trade information went viral, the **World Integrated Trade Solution** tried to re-label “COVID-19” with the inconspicuous term, “**Medical Test Kits**.” In the world of trade, this level of vagueness is not permitted. Even though **W.I.T.S.** tried to cover up the label, they cannot change the product code. “**Medical Test Kits**” has the same product code, **HS 300215** and it stands for “**COVID-19 test kits**.”
- The **CDC (Centre for Disease Control)**, another major authority in this event, started hiring for state-wide coordinators of its **Covid Quarantine Program** back in mid-November 2019! They also own more than **50 patents connected to vaccinations**, showing they too have a major financial incentive to promote viruses and vaccines.
- In 2017, **World Bank** launched \$500 million in pandemic bonds... 3 years before the coronavirus outbreak, “to cover developing countries against the risk of pandemic outbreaks over the next five years.” Given how **rare** pandemics are, and how

supposedly unpredictable, that's an awful lot of money to devote to pandemic outbreaks. Any chance they **saw Covid coming**?

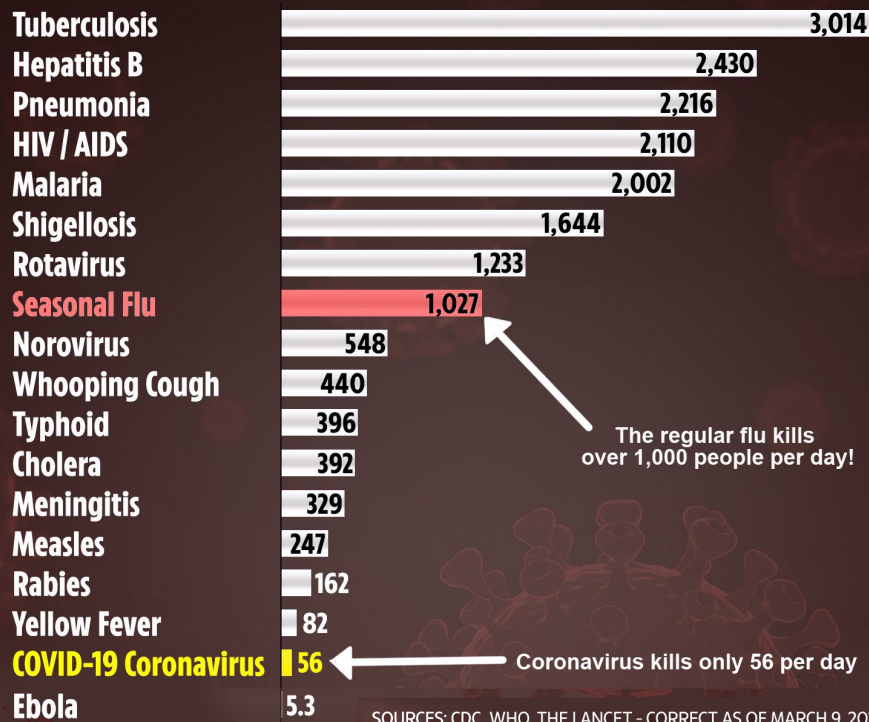

- A hospital in Northhampton England had a **pandemic mortuary** built in November 2019 - a full five months before the Covid-19 pandemic was declared in March 2020.
- A patent for the Covid-19 test kit was filed by Richard A. Rothschild in May 2020. But the provisional application for the patent was made in October 2015! A provisional application **is like a placeholder before the public disclosure of the invention which means the test kit was already invented five years before Covid even existed.**

Richard A. Rothschild is a member of the wealthy powerful Rothschild banking family.

Covid Virus Facts

- The hysteria and fear of COVID-19 is completely unjustified. The mortality rate is **nowhere near that of the regular seasonal flu**. According to the CDC (Center for Disease Control) it has a 99.9% survival rate amongst the young and healthy. Even if you catch Covid-19 you have a 0.01% chance of dying from it. It only kills old and sick people, which makes it **IDENTICAL to the regular flu**. It **does not harm** young, healthy people at all. It is **not highly contagious**. If it was, most people would have it or everyone would know someone who has it. But that is not the case.
- Young and healthy people have a .001% chance of catching Covid-19. This means that statistically you have a bigger chance of getting struck by lightning than catching Covid.
- **You are 10 times MORE likely to fall down the stairs than die of COVID, 25 times MORE likely to be hit by a car than die of COVID and 327 times MORE likely to get food poisoning than die of COVID.**
- Only 910 Australians died from Covid in 2020. In the same year 4,500 old people died in Australia by **simply tripping and falling over**. The media said nothing about this.
- **Dr Jeffrey Barke** has stated that while "every death is a tragedy," a child is about 5 times more likely to die **from drowning**, 8.3 times more likely to die **in a traffic accident**, and 25 times more likely to die **from cancer**, than from **Covid-19**.
- Over half a million people die from the seasonal flu every year (mostly old people) yet they **don't lock down the whole planet for that**. 3,000 people die every day from tuberculosis but they **don't shut down the whole planet for that**. 8,000 people die every day from hunger. Millions more die from other diseases like cancer, heart disease and diabetes but governments don't seem to care about them. The day they locked down the entire world only 3,000 people in western countries had died from COVID-19. This makes no logical sense.

DISEASE DEATHS PER DAY WORLDWIDE

THE ENTIRE WORLD WAS LOCKED DOWN WHEN ONLY
56 PEOPLE WERE DYING OF COVID PER DAY.
 MEAN WHILE OVER **3,000** PEOPLE WERE DYING
 EVERY DAY OF TUBERCULOSIS

- On the 19th of March, the Public Health Department of England stated on their website that “**COVID-19 is no longer considered to be a high consequence infectious disease in the UK**”. Link: <https://www.gov.uk/guidance/high-consequence-infectious-diseases-hcid#history>.

- Deaths in Australia from COVID-19 in **18** months: **1,000** (.54 people per day). Deaths in Australia from cancer: **74,988** (138 people per day).

- A group named the **Pirbright Institute**, owns the **patent** for the COVID-19 virus and related vaccines. Definition of a patent:

“**A patent is an exclusive right granted by a country to an inventor, allowing the inventor to exclude others from making, using or selling his or her invention.**”

That’s right, major corporations are actually **inventing viruses**, and **selling the resulting vaccines to you for profit**, backed by Government.

- US viral expert **Dr Anthony S. Fauci** has stated “*clinical consequences of COVID-19 may ultimately be more akin to those of a **severe seasonal influenza** (which has a **case fatality rate** of approximately **0.1%**) Not quite the **scary disease** that we are told to believe by the **media**.*

- There are many safe, natural treatments for viruses and influenzas such as **ultra violet light therapy, ozone therapy, chlorine dioxide, hydroxychloroquine, Ivermectin, Pine tree needle tea, vitamin D, vitamin C, Zinc**, etc but they are never discussed on TV. They just want to force everyone to be **vaccinated with dangerous experimental vaccines**.
- Since the beginning of this so-called “health crisis” the government and media has behaved as if human beings have **zero immune systems**. Nothing is said about how to strengthen our immune systems. Instead we are only bombarded with endless promotion of **poisonous vaccines**. This will make huge profits for pharmaceutical companies and Bill Gates but will **do nothing for our collective health**.
- The **COVID-19** virus is so weak and inconsequential that it failed to kill a 113 year old Spanish woman who survived her infection.
- Dr. Maria Van Kerkhove, the WHO’s technical lead for COVID-19, recently explained that based on the data the organization has been collecting over the past several months, “**it still seems to be rare that an asymptomatic person actually transmits onward to a secondary individual.**”
- **Over 51,000 medical and health science professionals** signed the **Great Barrington Declaration** affirming that due to the relatively mild danger of COVID-19 to the vast majority of the population, “those who are at minimal risk” should be permitted “to live their lives normally and build up (herd) immunity to the virus.”

- Other examples of honest doctors rejecting the official Covid narrative include an extraordinary letter from almost 3,000 doctors and health professionals in [Belgium](#), and hundreds of physicians in [Spain](#) and [Germany](#) calling COVID-19 a “**fake pandemic**” having the purpose of creating a “**world dictatorship with a medical excuse.**”
- The **World Health Organisation** changed its definition of the word **pandemic** in 2009 to exclude the criterion of ‘enormous numbers of deaths and illnesses’. In other words, not many people need to die now in order to declare a pandemic. Why would they do that?
- In Alberta, Canada according to a Western Standard report, in 2020 there were 22,409 people overall put into ICU care for various causes. In 2019, there were 24,010 people admitted to ICUs in the province, — roughly 1,600 people more than in times of COVID. In other words, fewer people were in intensive care in 2020 than in 2019!
- India enjoys a Covid death rate a fraction (10 percent) of the USA even in the most densely populated slums. In Africa, Sub-Saharan Africa, the poorest places in the world,

no social distancing, no mask, no ICU's, they **have a death rate of one percent** the western nations. One percent! Why is this so? It's because they all use proven medicines like Hydroxychloroquine, Ivermectin and vitamin D which have virtually been banned by western governments.

- The Centers for Disease Control's (CDC) own "[best estimate](#)" demonstrate that the infection fatality rate (IFR) of Covid is overall very low:
 - 0-19 years old: 0.00003 (99.997 percent survival rate)
 - 20-49 years old: 0.0002 (99.98 percent survival rate)
 - 50-69 years old: 0.005 (99.5 percent survival rate)
 - 70+ years old: 0.054 (94.6 percent survival rate)
- How many deaths of old people in nursing homes will it take before people realise that everyone who is young and healthy is in **no danger from COVID-19?**

Faking the Numbers

- The **CDC (Centre for Disease Control)** has instructed all doctors in the USA to list every hospital death where the cause is inconclusive as a **COVID-19 death**. In other words, if the **cause of death is unclear** they are pressured to say it was a **COVID-19 death on their death certificate** regardless if the patient had pre-existing conditions like heart disease or cancer. This is medical fraud.
- There is even more incentive for doctors to lie in America. The US government has promised to give hospitals **\$13,000 for every COVID-19 death** and **\$39,000 for every death that involved a patient on a ventilator**. It wouldn't take much persuasion for a hospital to fake the number of COVID deaths for that amount of money!
- A doctor in Italy had admitted that **88% of COVID-19 deaths were mis-diagnosed** and the patients really died from multiple pre-existing conditions such as cancer, heart disease and diabetes. <https://off-guardian.org/2020/03/23/italy-only-12-of-covid19-deaths-list-covid19-as-cause/>
- The World Health Organization insists that **NO AUTOPSIES** be performed on COVID-19 patients and that they should all be **incinerated immediately**. Why would they demand that? A group of doctors in Italy rebelled and performed autopsies on a dozen COVID victims and found that they **had NO COVID-19 in their bodies!** They had all died of a bacterium not a virus. They began to administer to their positive patients Aspirin 100mg and Aprona, result: the patients began to recover and present improvements and the Ministry of Health released and sent home **more than 14,000 patients in a single day**.

- An analysis of total world deaths since 2015 from all causes **remained unchanged** in 2020. That means the huge numbers of reported COVID-19 deaths **either never happened or they were deaths from other causes mislabelled as COVID-19**. Hospital records show that almost all the COVID deaths were attributed to people with **other medical conditions** that could have been the cause of death.
- So far (2024) roughly **8 million people are supposed to have died worldwide** from COVID-19 but without the **obvious fraud** going on in the reporting of deaths, the true death toll is most likely **just a fraction of that number**.
- The PCR test currently used to detect COVID-19 infection is actually **incapable of detecting COVID-19**. The PCR test was invented by **Kary Mullis** who stated that it is absurd for doctors to use it for testing for viruses. This means that the number of COVID infections in government statistics worldwide is completely **fake and fraudulent**.
- In November of 2020 a court in Portugal ruled that the Covid-19 PCR test kit is completely unreliable and unfit for purpose. The court ruled that the PCR test has a 97% failure rate. Similarly, an Austrian court ruled that PCR tests are not suitable for COVID-19 diagnosis and that lockdowns have no legal or scientific basis.
- In December of 2021 both the *Centers for Disease Control and Prevention* (CDC) and the *World Health Organization* (WHO) formally acknowledged that the Covid-19 PCR test **fails in detecting SARS-CoV-2 the virus** that causes COVID-19! The mainstream media deliberately refused to report this admission.
- A group of nurses in England sent a handful of COVID test swabs that had **not even been used on people** to a laboratory for testing. They all returned **positive for COVID-19!**
- President of the African country Tanzania, **John Magufuli** tested the Covid-19 PCR on a papaya fruit, a quail, a goat and a can of Pepsi. The all tested **positive for Covid!**
- Many people in the USA have stated that they lined up for a COVID test but got **tired of waiting** and went home without being tested. Two days later they were informed by the hospital that they tested **POSITIVE for COVID-19** despite the fact they **weren't even tested!**
- In Florida, a young man died in a **motorcycle accident**. The cause of his death was recorded as **COVID-19!** Several people who died of gunshot wounds were also said to have died of COVID!
- On August 26, the U.S. Centers for Disease Control and Prevention (CDC) issued a report showing that in 94 percent of the roughly 180,000 deaths that have been attributed to COVID-19, the patients had **two or more comorbidities (cancer, heart disease etc)** . As the CDC report notes, for only 6% of the deaths, COVID-19 was the **only cause mentioned**. In other words, 94% of Americans who had allegedly died from COVID-19 had not died from COVID-19 at all!
- **Senior lecturer at Johns Hopkins University Dr. Genevieve Briand** has demonstrated that COVID-19 has resulted in **no excess deaths, compared to what would normally be expected**. Briand's research importantly notes that, within the demographic purported

to be the most vulnerable, i.e., older people, there seems to be **no especially high death rate**. “Surprisingly, the deaths of older people **stayed the same before and after COVID-19**. Since COVID-19 mainly affects the elderly, experts expected **an increase in the percentage of deaths in older age groups**. However, this increase is not seen in the CDC data. In fact, the percentages of deaths among all age groups **remain relatively the same**.”

COVID-19 Excess Mortality Study

A study conducted by researchers from the Canadian nonprofit Correlation Research in the Public Interest and the University of Quebec at Trois-Rivières, led by Denis Rancourt, released on July 19, 2024, analyzed excess mortality in 125 countries during the COVID-19 pandemic.

Paper Summary

“The spatiotemporal variations in national excess all-cause mortality rates allow us to conclude that the Covid-period (2020-2023) excess all-cause mortality in the world is **INCOMPATIBLE WITH A PANDEMIC VIRAL RESPIRATORY DISEASE** as a primary cause of death. This hypothesis, although believed to be supported by testing campaigns, should be abandoned.”

“We describe plausible mechanisms and argue that the **three primary causes of death** associated with the excess all-cause mortality during (and after) the Covid period are:”

- **Biological (including psychological) stress from mandates such as lockdowns and associated socio-economic structural changes**
- **Non-COVID-19-vaccine medical interventions such as mechanical ventilators and drugs (including denial of treatment with antibiotics)**
- **COVID-19 vaccine injection rollouts, including repeated rollouts on the same populations.**

Empty Hospitals

- There is increasing evidence that most hospitals in the world were not over-run with COVID-19 patients but were in fact **almost empty**. Many doctors and nurses have claimed online and in comment sections and message boards that they have been told to **GO HOME OR TAKE THEIR ANNUAL VACATIONS** because there is **nothing to do in the hospitals**. Here are two examples:

*“Listen people! My son works at St George Hospital in Sydney. He said that patient numbers are down so much that staff are being asked to take their **ANNUAL LEAVE**. There is only **ONE**, that's **ONE** confirmed corona case in the hospital. Even his boss is convinced this whole thing is a media/govt beat up. Don't be a sheeple, don't buy this hysteria. Our country is being destroyed for **NOTHING!**”*

“My doctor just saw me today in my dialysis clinic and flat-out said something is really wrong. He said the three hospitals he has been in are EMPTY- like not even someone in the ER for a broken arm. NO ONE. He also said there are doctors saying the same thing- that they all thought there would be thousands of sick and dying people like predicted... but there have been NO COVID patient influxes in hospitals, in fact there were less patients than normal, and many of the symptoms are not coronavirus symptoms at all. When I went into our local hospital for an endoscopy procedure, it was silent- like a ghost town.”

- And many citizen journalists worldwide have used their iPhones and video cameras to film local hospitals only to find them mostly empty of doctors, nurses, patients and with ambulances just sitting doing nothing. The car parks were also empty.
- Also doctors and nurses have posted hundreds of videos on TIK TOK where they can be seen performing **highly choreographed dance routines** with music playing in hospital corridors. If there is a real pandemic, **how could they possibly find the time to do this? The reason they had the time to do this is because there were close to zero Covid patients in the hospitals.**

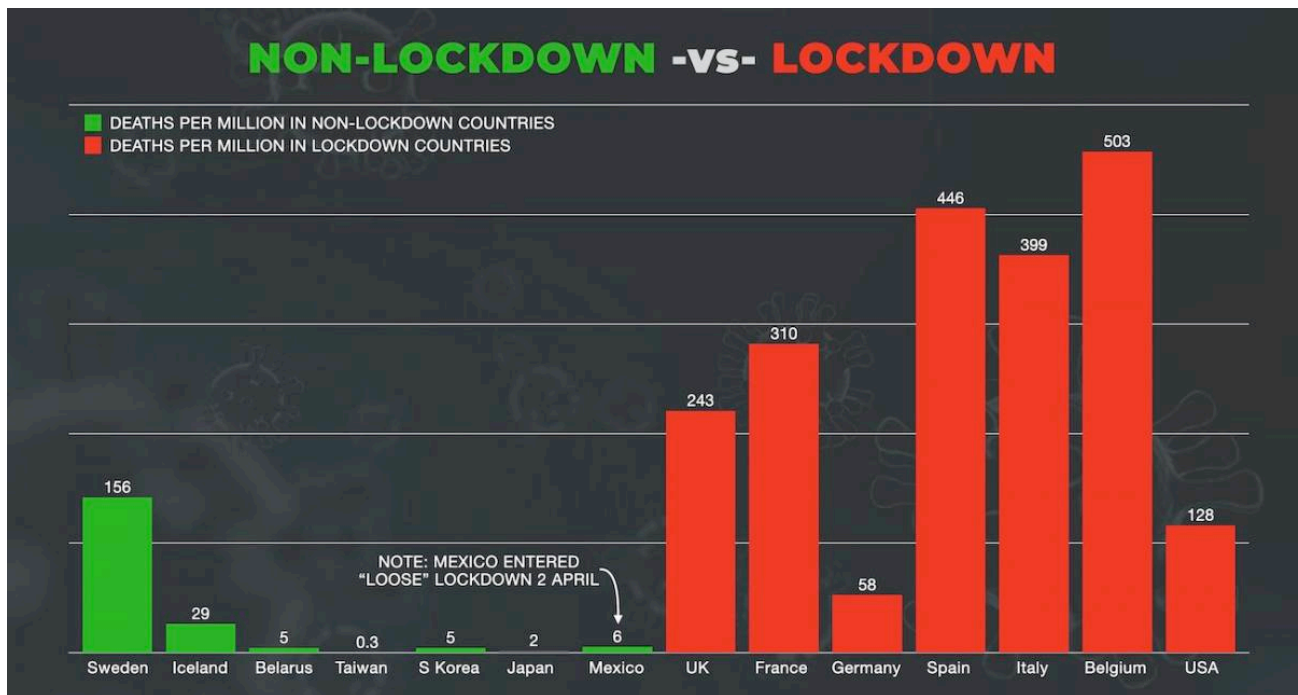

- Recently a British nurse resigned from her job saying “Unfortunately I can’t lie anymore,” explaining how she took a screenshot of internal hospital data showing there were just **three people across three hospitals in the region infected with COVID-19.**
- Five members of the Brazil parliament under encouragement by President Bolsonaro **broke into a hospital** to check and see the number of patients there. This hospital claimed it was treating 5000 people with COVID-19 while 200 were already dead. Officials broke in to check the claims and found the hospital had **zero patients and no hospital staff. It was completely empty!**

- Temporary field hospitals that were constructed in Britain, Europe and the USA to cope with the predicted influx of COVID patients were quickly **dismantled** because hardly any COVID patients showed up. These temporary field hospitals cost taxpayers tens of millions of dollars ... all for nothing.

- A navy hospital ship with 1,000 beds was put into service in New York City. It departed after only treating less than **100 COVID patients**.

The Lockdowns

- The lock down of every citizen in almost every country and the shutting down of almost every small business is **counter-productive to ensuring the health and well-being of people and society**.
- Locking down entire countries and forcing people to remain in their homes for months is a non-scientific and unprecedented policy that has **never been proven to be successful in preventing the spreading of disease**. In fact many doctors have stated that it will do nothing but **increase illness and death**. Vitamin D is an important part of having a strong immune system and the best way to obtain Vitamin D is to go outside and get it from the sun. The sun also kills germs and viruses so locking down beaches and parks is the **most counter-productive policy a government could enforce**. Obesity and alcoholism are also a greater risk.
- Mental health is also a concern. People locked in their own homes for extended periods of time will only **increase mental illness, depression, domestic violence and suicide**. An increase in these problems is already evident in current statistics. A doctor in California has stated that he has seen **“a year’s worth of suicides in just the last 3 months”**.
- “In Japan, government statistics show suicide claimed more lives in October 2020 than **Covid-19 has over the entire year to date**,” CNN reported. “The monthly number of Japanese suicides rose to **2,153 in October**, according to Japan’s National Police Agency. As of Friday, Japan’s **total Covid-19 toll was 2,087**, the health ministry said.”

- Then there is the economic damage to deal with. People are at risk of not only losing their jobs but **also their businesses and eventually their homes** without a regular income. The economic fallout of this lockdown could last for years.
- Sweden chose not to enforce a full lockdown, keeping many parts of its economy open, keeping children in school and advising voluntary social distancing measures as well as encouraging vulnerable people to stay indoors. Despite receiving a barrage of criticism, **the policy appears to have worked**. Sweden had a lower per capita death toll (27,400 deaths) than the UK (232,000 deaths), which enforced a full lockdown, and is well on the way to developing “herd immunity” and achieved all this **without wrecking its economy**.
- **Interesting fact:** The people who enforced these lock downs (politicians, police, public servants and media journalists) **are still employed and on full pay**. Not one of them has lost their job, their business or **suffered any kind of financial impact whatsoever**. Just a coincidence? Not likely. If the lock downs were so important, and if “we are all in this together” then all **politicians, public servants, police and media workers** should have suffered what the public was forced to suffer.

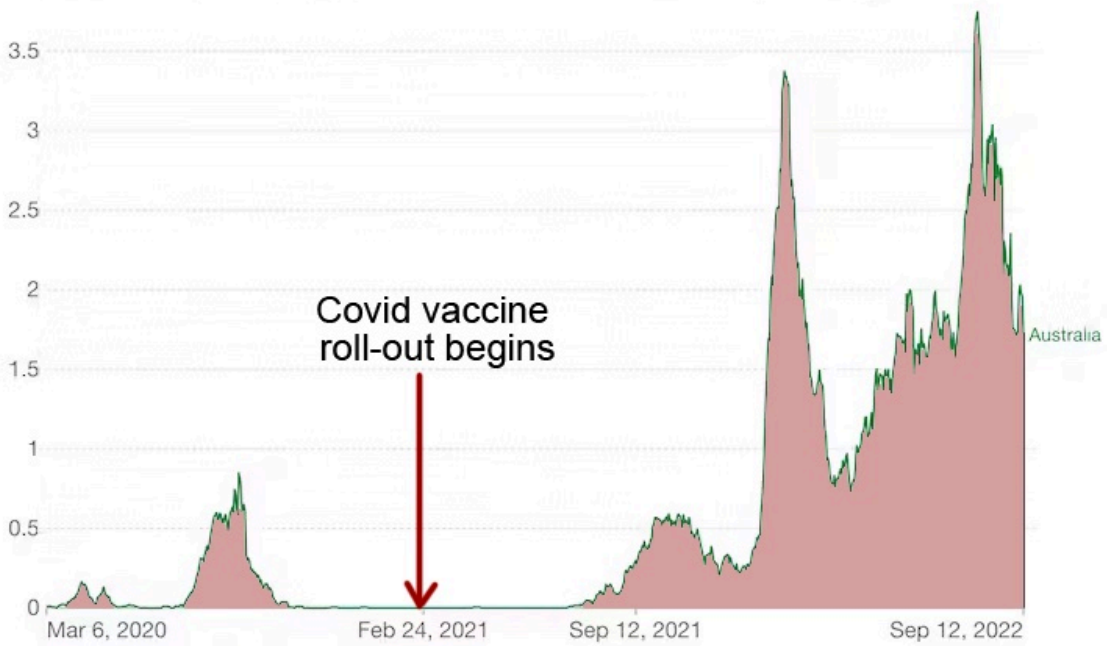

The Covid Vaccine

- **Robert F Kennedy Jr** noted that four of the leading developers of Covid vaccines, [GlaxoSmithKline](#), [Sanofi](#), [Pfizer](#), [Merck](#), are “**convicted serial felons**.” “In the past 10 years, just in the last decade, those companies have paid **35 billion dollars** in criminal penalties, damages, fines, for lying to doctors, for defrauding science, for falsifying science, for **killing hundreds of thousands of Americans knowingly**,” Kennedy said.
- The Covid vaccines are experimental and not normal vaccines. They are called **mRNA vaccines** that actually change your DNA which has never been tried before. So if you take it you are basically becoming a guinea pig in a science experiment.
- The mRNA vaccines actually change your DNA and makes you produce spike proteins which lead to blood clots, heart attacks, strokes and death. Many people who get the blood clots end up having to get arms or legs amputated.
- Official sources, namely EudraVigilance (EU, EEA, Switzerland), MHRA (UK) and VAERS (USA), have now recorded more Injuries and Deaths from the ‘Covid’ vaccine roll-out than from all previous vaccines combined since records began.

The Germ Theory

There's no such thing as a contagious "virus."

Unbelievable? Shocking? Yes, it is. Here are quotations from doctors, authors and experts that refute **Louis Pasteur's fraudulent "germ theory."** This is the lynchpin issue that holds this entire **planned-demic** together. When you disprove the theory that so-called viruses can be transmitted through the air from one person to another, the **entire house of cards falls to the ground**. Read these quotes from highly respected doctors:

"The entire fabric of the germ theory of disease rests upon assumptions which not only have not been proved, but which are incapable of proof, and many of them can be proved to be the reverse of truth. The basic one of the unproven assumptions, wholly due to Pasteur, is the hypothesis that all the so-called infections and contagious disorders are caused by germs." — **M.L. Levenson, M.D.**

*"... Viruses are simply the excretions of a toxic cell. Viruses are pieces of DNA or RNA, with a few other proteins. They butt out from the cell. They happen when the cell is poisoned. **They are not the cause of anything.**"* — **Dr. Thomas Cowan, M.D., commenting on Rudolf Steiner's insights**

"We said before that so-called 'germs' are ubiquitous. They are ever present, in many varying forms in both healthy and sick people. These microbes turn into what modern scientists call 'pathogens,' when the media is toxic and conducive to clean up. When you

enter into a healing crisis, and your body is throwing off toxins, these 'germs' appear out of your very substance, to help eliminate, process and break down these toxins. Germs have absolutely no causal relationship to disease. But germs do appear to help you clean out, because put quite simply, your disease is your cure!" — **Dr. William P. Trebing, author of "Good-Bye Germ Theory," page 154**

"If the Germ Theory were true, no one would be alive to believe it." — **B.J. Palmer, D.C.**

"Three criteria are, according to the scientific method needed to properly identify a virus. It must be isolated from a host cell. As of 2016 this has never been accomplished in humans. It must be photographed and it's diameter measured. As of 2016 this has never been accomplished in humans. It must be biochemically characterized. As of 2016 this has never been accomplished in humans. This has never been done with any virus (herpes, hepatitis, h1n1, bird flu, swine flu, influenza, polio, measles) let alone HIV, HPV, SARS, Zika or Ebola." — **Viruses. How Much is that Dogma in the Window?, New Medicine Online**

"We agree with those members of the profession who hold that no germ causes tuberculosis. Germs do not cause any disease. Further, we agree that there is more harm in the fear of germs than there is in the germs themselves." — **Simon Louis Katzoff, M.D., author of Timely Truths on Human Health, 1921**

"The general public have been told that we do not become ill except when germs penetrate into from without. The germ theory of disease is ridiculous." — **E. Douglas Hume, author of Bechamp or Pasteur, A Lost Chapter in the History of Biology**

"Medical doctors are working on the germ theory of disease... But the germ theory is already weakening and is due for being thrown aside. Dr. Fraser of Canada and Dr. Powell of California have experimented with billions of germs of all varieties, but they have been unable to produce a single disease by the introduction of germs into human subjects. Dr. Waite tried for years to prove the germ theory, but he could not do so. During the World War an experiment was conducted at Gallop's Island Massachusetts, in which millions of influenza germs were injected into over one hundred men at the Government hospital, and not one man got the flu." — **Principles and Practice of Naturopathy, E.W. Cordingley, M.D., N.D., A.M.**

"In all that I have witnessed inside and outside of laboratories, there is only one cause of disease: Industrial pollution in medication, food, air, soil and water. Strengthening a body's constitution and lymphatic system is the first step to curing disease" — **Aajonus Vonderplantiz**

"Germs cannot be the cause of disease, because disease germs are also found in healthy bodies." — **H. Lindlahr, M.D., author of Nature Cure**

The Pandemic Treaty

The Pandemic Treaty is a set of laws and regulations being drawn up by the World Health Organisation (WHO). This treaty along with amendments to the International Health Regulations (IHR) will enable the WHO (a group of unelected bureaucrats) to force every country on Earth to obey mandatory lockdowns, mask wearing, border closures, contact tracing and vaccination. This treaty threatens to destroy national sovereignty and freedom of choice in regard to future health emergencies.

Although the WHO deny it, the Pandemic Treaty could allow the use of military force against citizens in all countries to obey the dictates of the WHO. This will create a world of dictatorial global governance never before seen in human history. And as with Covid-19 the WHO will not even have to prove the existence of future viruses or pandemics.

The treaty is still under negotiation and will only come into effect if two thirds of the WHO's 194 Member States vote to accept it. Australia can reject the treaty, but if it is accepted by the required two thirds, the Australian Government [advises](#) that it will be required to domestically implement the agreement.

In recent months, leaders from the European Union, the Netherlands, Slovenia, Slovakia, Estonia, South Africa, the Philippines, and the US have tabled bills and written letters opposing the WHO's treaty and amendments. Several activist groups such as EXIT THE WHO, STAND UP, and CITIZEN GO have been working hard to stop the Pandemic Treaty from becoming a reality. We can only hope they succeed in stopping it.
